Balancer	CED	BW	WW	YW	MK	MB	REA	FT	\$Cow	FPI	Price
54C	9	2.5	67	94	20	0.55	0.44	0.00	105.46	77.45	\$1,750

Shaded and bold values are top 35% of breed for that EPD

54C, owned by Gene Best at Middletown, IN, 765-206-0653. Gene is selling all of his cows and this is why the bull is for sale. Gene said, "the bull is awesome in my book." He will produce an excellent set of easy keeping, low-maintenance females for you. His dam goes back to one of the best cows I've ever owned, MBCC 5M.

Angus	CED	BW	WW	YW	MK	MB	REA	\$W	Price
40E	13	-0.2	52	93	26	0.47	0.50	55.99	\$3,000

Shaded and bold values are top 35% of breed for that EPD

"We purchased this bull in 2018 from Midwest Beef Cattle Consultants as a yearling, and has been an outstanding addition to our herd for the past 3 years. This three-year old has excellent calving ease, weaning weights, and a gentle temperament. His calves come easy and have a history of excellent growth. This bull would compliment anyone's herd looking for a great productive bull." Owned by Matt Keiser at Lafayette, IN 765-426-5456

Expected Progeny Differences (EPDs) for Yearling Bulls for Sale

Angus	CED	BW	WW	YW	Milk	Marb	RE	Fat	\$M	\$W	\$C	Price
19G	12	1.3	79	134	25	0.44	0.97	0.006	63	83	261	\$ 4,000
59G	9	0.5	76	131	27	0.58	0.91	-0.002	92	86	254	\$ 3,500

Shaded and bold values are top 35% of breed for that EPD

Notes on yearling bulls:

19G ranks top 10% CED, 3% WW and 5% YW. You will drive miles and miles to find an Angus bull that combines this level of calving ease and growth. Many times you have to "give up" something to get a calving ease bull and the most likely fault of a calving ease bull is a lack of growth in his calves. Not the case here. This bull is a half brother to the \$7000 sale topper in 2020 and the \$7100 second high selling bull in 2019, both going to Temple Farms, St. Croix, IN.

Please feed his calves out to slaughter or retain ownership to a feedlot. These cattle will make you \$\$!

59G ranks in the top 30% for CED, 5% WW, 10% YW, 45% Marb, 10% Ribeye and 35% ribfat. Of the \$ indexes, he is top 1% \$M, 2% \$W and 20% \$C. Quite a combination of profit across the board! This bull is a half brother to the \$4500 bull that sold in our 2020 sale to Austin Pratt, Harrison, Arkansas. Here is a bull that has very good calving ease, tremendous growth and all carcass traits in the top 40% or better. Many times bulls that excel in marbling have stud, he will improve all three traits at the same time.
